

COLLEGE OF FELLOWS

Recognizing Innovations and Excellence in HVAC&R!

May 2017

A Note From The President

Begun in October 2003, the College of Fellows is a financially self-supporting ASHRAE Committee made up exclusively of Members who have been awarded the member grade of Fellow. While it has an official ASHRAE Staff Liaison and does a courtesy report to the ASHRAE Board ExCom, its programs are funded through the contributions from ASHRAE Fellows and other interested donors. The College meets during each Annual and Winter Conference and the meetings are open to whoever is interested in learning more about the College activities or how to qualify to become a Fellow. Officers are elected each June during the Annual Conference.

Mission

The mission of the College is to encourage and assist ASHRAE Fellows to serve as ambassadors, enhancing ASHRAE's technical image internally and in the community at large. This occurs through activities such as transferring ASHRAE-generated technology and knowledge; mentoring students, engineers and educators to increase their awareness of ASHRAE activities; sharing knowledge or experience with the grassroots organization, such as chapter presentations; communicating ASHRAE recommended practices to resolve current industry problems; and supporting ASHRAE governance in conducting special technical activities.

What the COF can offer?

There is a tremendous array of possibilities of how the COF can offer advice and guidance here are but a few of the possibilities.

- What can ASHRAE do for me?
- What Technical Committees should I join?
- Are there any ASHRAE courses I should follow? (and why)
- Am I on the right career path?
- Do I have the correct technical solution for my problem?

See you in Long Beach!

Peter Simmonds, COF President 2016-17

“Members lead ASHRAE at every level, serving ASHRAE and helping ASHRAE serve society. It is through them that we strive for continuous improvement and innovation in all our practices and products.”

ASHRAE Core Values

In This Issue:

A Note from the President · Support the Fellows · Upcoming Dates
Nominate a Fellow · Travel Award Recipients

College of Fellows www.cofmentoring.com

The College of Fellows are pleased to announce our mentoring forum is now up and running. The forum can be found at www.cofmentoring.com. You need to register to be able to log on. Please post any questions you may have and Fellows will do their best to provide answers and guidance.

If required, the COF can also provide one on one mentoring, simply join the forum, contact a Fellow and then ask for one on one mentoring and this will take place via personal e-mails.

Mission

The mission of the College is to encourage and assist ASHRAE Fellows to serve as ambassadors, enhancing ASHRAE's technical image internally and in the community at large. This occurs through activities such as transferring ASHRAE-generated technology and knowledge; mentoring students, engineers and educators to increase their awareness of ASHRAE activities; sharing knowledge or experience with the grassroots organization, such as chapter presentations; communicating ASHRAE recommended practices to resolve current industry problems; and supporting ASHRAE governance in conducting special technical activities.

Scope

To serve as ambassadors to enhance ASHRAE's technical image internally and in the community at large through activities such as transferring ASHRAE-generated technology and knowledge

Purpose

To mentor students, engineers, and educators to increase their awareness of ASHRAE activities
To share knowledge or experience with the grassroots organization, such as chapter presentations
To communicate ASHRAE recommended practices to resolve current industry problems
To support ASHRAE governance in conducting special technical activities

Now is the time to donate to the College of Fellows Travel awards

As we create a continuous influx of 'young members', ASHRAE will continue to be the "Technical Expert" that it currently is thanks to the contributions of many of us Fellows. Now, we need your financial support to continue this vital program and help our leaders of tomorrow become involved in ASHRAE.

Your support will help to create a lasting relationship and one that will help foster an engaged and productive Society Member.

\$5400 - NEW HIGH!

\$5000 - Amount needed for Operation
(Two \$2,000 Travel Awards and mailings)

\$3950 - Amount Raised

\$0

Can we count
on your support?
